tonouncement of the Details to Be Made in a Few Days -Report That Savings Banks Had Offered the Bonds Incorrect-Bond Dealers in Ignorance.

A story was circulated in Wall Street vesterday afternoon to the effect that the savings banks of New York had formed a pool for the purpose of turning over to the Secretary of the Treasury a large block of Government bonds for which the Secretary was to pay cash, on condition that the money should be used at once to relieve the money stringency.

It was learned that a scheme is on foot to relieve the stringency in the money market by the purchase by the Secretary of the Treasury of a considerable amount of bonds, at an upset price, which has been agreed upon between him and the sellers. ie savings banks will not, however, figure n the transaction. The negotiations have been carried on and concluded between Secretary Shaw and certain large holders of Government bonds, other than savings banks. The announcement of the details will be made in a few days.

It seemed to be evident, from what they said, that none of the large dealers in Government bonds knew anything of what was going on yesterday afternoon. Mr each of Farson, Leach & Co., when he was asked what he knew about the story that was going up and down the Street, said: "I know absolutely nothing about it I heard the story a little while ago and 1 tried to find out who or what was behind it, but I did not succeed. I imagine, however, that it is a rumor based on an offer of onds made to the Secretary of the Treasury last week, which he declined. That's all

Mr. Fisk of Harvey Fisk & Sons said: *We know nothing about any such propowhat we do know is this: Last weel we offered a fairly large block of bonds to Secretary at a certain price. The offer h I hardly reached Washington, when we gived a despatch to the effect that was declined. I don't believe there's villing in the savings bank story."

The Sub-Treasury paid out yesterday \$200,000 against deposits of gold at San J. & W. Seligman & Co. expect to receive \$1,500,000 gold from Australia is about two weeks, which will be consigned to the Anglo-California Bank of San Franthe firm's correspondent in that cay. There have been no transfers of rency from this city to the interior of thorountry in the last three business days.

On the New York Stock Exchange yester day money on call opened at 12 per cent which proved to be the highest rate of the day. The rate gradually declined to 5 per cent, with the last loan made at 7 per The bulk of the loans were made at 9 per cent.

WESTERN MARYLAND. Stockholders Vote to Issue Securities to

the Amount of \$120,000,000. BALTIMORE, Oct. 14 .- Stockholders of the Western Maryland Railroad Company today authorized important changes in the capitalization of the company which transfroms it from a minor system into a railroad

trunk line proportions. Resolutions were adopted authorizing the following se curities: Stock, \$60,000,000; first mortgage bonds, \$50,000,000; general mortgage bonds, \$10,000,000; total, \$120,000,000. The new feature of this plan is the issuance of general mortgage bonds. The stockholders' meeting passed off without incident, despite the belief which had been prevalent that a small block of stock, sup-

posed to be owned by the Pennsylvania Railroad, would oppose the plans of the majority interests. There were no dis senting votes on the various propositions, and 12,808 shares were represented at the meeting out of the total issue of 13,700 The new securities to be issued at once lude only \$25,000,000 of the \$50,000,000 of

first mortgage bonds authorized. These are 4 per cent. 50-year bonds and the \$25-000,000 will be held in the treasury for future use. A syndicate, formed by Vermilye & Co. and Butler & Bro. of New York, underwritten the bonds to be sold funds derived from the sale of these bonds will provide \$2,000,000 to pay for new equipment; \$3,500,000 to build the sixty-five mile link from Cherry Run to Cumberland to connect the Western Maryland with the West Virginia Central; to pay for the purchase of land from the Winans estate and from Frank A. Furst in South Balti-more for tidewater terminals, and for other land purchases and to pay for the recon-struction and improvement of the Western Maryland Railroad. In addition to these uses the new securities to be issued will provide for the retirement of all existing indebtedness of the Western Maryland and the acquisition of the stock of the West Virginia Central and Pittsburg Railroad.

Anaconda Dividend 50 Cents.

The directors of the Anaconda Copper Company met vesterday afternoon and declared a dividend of 50 cents a share, payable on Nov. 13. This is the same as the last dividend, declared six months ago, and was looked upon in Wall Street as indicating that the quarterly dividend to be declared to-morrow upon the stock of the Amalgarated Copper Company will be unchanged from 14 of 1 per cent. The Anaconda is 15 of 1 per cent. e chief sub companies of the Amal gamated.

THE LONDON MARKET. Coal Strike News Causes Advance in Amer-Ican Stocks.

Special Cable Despatch to THE SUN. LONDON, Oct. 14.-The stock market showed a much better tone to-day on better advices from New York in regard to the coal strike. The advance ranged as high as 3, but the rise was not wholly maintained, as at the close Atchison, Chicago, Milwankee and St. Paul and Union Pacific were but 2 up. Other Americans advanced from 1/2 to 11/2. Canadian Pacific gained 2

and Grand Trunk issues 1/4 to 1. English railway shares were flat. Foreign Government bonds improved on the firmness of the Paris Bourse. Spanish bonds showed an improvement. Rio Tintos recovered some of the recent decline.

CASES BEFORE SUPREME COURT. Question as to Vessel's Liability for Dam-

ages to Cargo in Shipwreck. WASHINGTON, Oct. 14.-No decisions were handed down by the Supreme Court to-day and after hearing the motions entered by attorneys, principally notices for writs of certiorari, the first case on the docket was taken up for argument. It was the appeal of Homer Bird from the sentence of death passed upon him by the Alaskan courts for murdering two of his companions in a mining expedition, and has already been before the court on a different appeal. In addition to former Attorney-General Griggs, who appeared in the Northern Securities suit, former Attorney-General

W. H. H. Miller and former Speaker Thomas B. Reed also appeared as counsel in other cases. Mr. Miller will present arguments in an Indiana railroad case and Mr. Reed asked for a writ of certiorari in an admiralty case brought by the Pacific Coast Company, owners of the steamship Corona, in which is involved a new question as to the limit of liability of a vessel for damages to cargo sustained by shipwreck. The court is asked to review the decree of the United States Court of Appeals for the Ninth Circuit against the company and in favor of W. H. Reynolds

In the case of Simeon Ivanow Grin, a Russian, who appealed to the Supreme Court from the refusal of the United States District Court in California to grant a writ of habeas corpus preventing his extradition for embezzling 25,000 rubles, which was set for argument to-day, counsel for the appellant asked for a postponement for two weeks. Solicitor-General Richards, on behalf of the Government, objected. Chief Justice Fuller, taking the ground that the case was an important one involving the validity of the extradition treaty with Russia, reassigned it to argument on Oct. 27. motion" was that for a second rehearing of the case of Swearingen against the city of St. Louis, the first having been denied at the spring term of the court. ETHICS OF A STOCK DEAL. The Court of Appeals Has an Interesting Case to Decide.

ALBANY, Oct. 14 .- An interesting case was argued in the Court of Appeals to-day. James H. CLARENCE H. MACKAY SUCCEEDS.

President of Commercial Cable and Postal Telegraph Companies.

The directors of the Commercial Cable Company met yesterday and elected Clarence H. Mackay president and George G. Ward chairman of the board and of the Executive Committee. Mr. Ward will continue to be vice-president and general manager. Mr. Mackay was also elected president of the Postal Telegraph Company and of the Pacific Postal Telegraph Company. He succeeds his father, the late John W. Mackay, in all these posts. All rumors to the effect that a consolidation with any other telegraph company was contemplated were officially denied. Chairman Ward contradicted a published report that the Commercial company's Pacific cable would go no further than Honolulu. The contract for the entire cable to Manila has been let. The line to Honolulu will be working by Jan. 1 and the line to Manila, it is expected, by July. The company has made no contract to lay a

Steel Met the Rate. A despatch from Pittsburg, received in Wall Street yesterday, which said that the United States Steel Corporation had reduced its prices for sheets and wire nails for the purpose of cutting out competition, was characterized as not only misleading but incorrect. The truth of the matter, it was said, was that the independent companies had reduced the price of nails from \$2.05 the 100 pounds to \$1.85; fancy wire, \$20 a ton, and sheets \$3 to \$7 a ton; and these reductions had been met by the United States Steel Corporation. Consumption of these products, it was further stated, had not fallen off, but there had been a material

Gets Property in New Orleans as an Export Base to the South.

NEW OBLEANS, Oct. 14 .- It is announced here to-day that the United States Steel Corporation has purchased thirty acres of land in New Orleans with a river frontage of 2,200 feet, upon which it will erect a warehouse and make it the distributing point for its steel product for South and Central America. The property is purchased on the theory that there will be a great deal of steel used in the construction of the Isth-mian Canal and that New Orleans is a good place of export, as the steel can be good place of export, as the steel can be landed at New Orleans from Pittsburg by

CAPT. DONOHUE LEFT \$200,000. First Estimate of the Worth of the Prop-

erty Found in the Stationhouse. The property of the late Police Captain John J. Donohue, which Coroner O'Gorman found in his desk at the Morrisania police station, is worth a great deal more than was at first supposed. A rough estimate makes the captain's estate worth nearly \$200,000, and close friends think that all of his wealth has not yet been found.

Capt. Donohue died of heart disease last Tuesday while signing the blotter at the stationhouse desk. The Coroner went through the captain's room and gathered up all his personal effects, including the contents of his desk. 'The captain's two nephews, with whom he lived at 1944 Madison avenue, and Mrs. Donohue claimed the property and Coroner O'Gorman turned t all over to the Public Administrator.

Yesterday a rough inventory of what was found was made public. In a tin cashbox that lay unlocked in one of the drawers were \$34,000 in bills, jewelry, including two solitaire diamond rings and a pair of diamond earrings, worth about \$11,000; a check for a \$250 Steel stock dividend, bankbooks of the Dry Pock Savings Bank, the Emigrants Savings Eank and the Mercantile Trust Company; certificates for 105 shares of United States Steel Corporation stock, 1,000 shares of the Panda Basin Gold Placer Company, Alaska; some Metropolitan Street Railway stock, two policies for \$2,000 each in the Equitable Life Insurance Company and an accident policy.

Besides the contents of the box there vere found \$1,000 in bills in the captain's pockets and a number of notes and uncashed checks. In the station house safe was a deed for the apartment house at the northwest corner of 131st street and Seventh avenue, which is said to be worth \$35,000. Mrs. Donohue and the captain's relatives

the Fourth Dimension. New York artists all about the country received in their forwarded mail a few weeks ago an invitation to attend (admission, \$1) the first experimental perfume concert in America," to be held at the Carnegie Lyceum last evening. The invitation hinted at the most exquisite 'sensorial titillation. Part II. of the programme was to be devoted to the "Æsthetics of Smell," which the same was to be dis covered in a lecture by "Chrysanthemum," concluding with "a trip to Japan in sixteen minutes—a melody in odors (assisted by two Geishas)."

One daughter of an artist was so much interested that she besought her parents o come to town to see -- if that is the word--"how far perfumes can be combined to an artistic entity," to borrow from the programme.

"Chrysanthemum's" odoriferous lecture was to be preceded, according to the programme, by a piano solo, the "Sadakichi March," and in this complimentary title was found the key to the fragrant riddle of who was getting up the sachet entertainthere was no manager's name appended, neither names of musical di-rector, costume maker, wig artist nor manufacturer of piano or perfume. But among artists there is only one Sadakichi, and his other name it is Hartmann, and, sure enough, it was Sadakichi Hartmann who arranged the concert in smell (minor). But there wasn't any concert in the Carnegie Lyceum last night. Earnest seekers after the true way to culitivate the higher uses of the nose found a darkened corner at Fifty-seventh street and Seventh avenue and a box office tight shut. One discerning reader of the "Melomaniacs" surmised that in the "Melody of Odors" the fateful chord of fragrance had been hit and "Chrysanthemum" and the geisha, Sadakichi and the rest, had been lost.

The rule of the road requires them to pass first down the middle aisle. One young man objected to her orders last night and when she insisted knocked off her policeman's cap. Helyn Curzon struck out with her club and although she needed no help Grace Lyons, the very largest of the lady cops, who stands at the door and already has one arrest to her credit, decided that she had another chance to distinguish herself.

So she went to her colleague's assistance, grabbed the offender by the coat collar, and although his wife begged for mercy cracked him twice over the head before she thrust him into Madison avenue. she thrust him into Madison avenue.

ENTERTAINING THE PRINCE.

He Visits Washington's Tomb and Watches a Drill at Fort Myer.

Washington, Oct. 14. Phya Akharej Varadhera, the Crown Prince of Siam had another round of sightseeing and entertainment to-day. He was so interested in the regular troopers who have acted as his escort that President Roose velt suggested that he go to Fort Mye where they are stationed, to see them drill. The Prince thought this a pretty good idea and this morning he was taken to the fort, accompanied by his brother, Prince Chakrabongse, and his suite. He saw a horseback drill that included some remarkable acrobatic features, and was lelighted with it

NON-RESIDENTS ESCAPE. Personal Tax Cannot Be Collected After It Is Assessed.

The Tax Reform Association in a circular which it sent out yesterday declares that the tax imposed by the city on the personal property of non-resident corporations and individuals (other than bank stock) cannot be collected. The amount of the tax in Manhattan alone is \$1,973,210. Section 7 of the tax Taw says:

Non-residents of the State doing business in the State, either as principals or partners, shall be taxed on the capital invested in such business, as personal property, at the place where such business is carried on, to the same extent as if they were residents of the State.

In the case of one McLean, a non-resident owner of stock in a national bank in this city, assessed on his stock, it was held that although the city in this case could enforce payment of the tax by a lien on the stock and sale of it, it could not enforce it by an action to recover a personal judgment The Tax Reform Association concludes: It seems that a warrant can only be issued against a resident, and there appears to be no process for the collection of taxes upon personal property (other than bank stock) of a non-resident, whether a natural person or a personal contraction.

a Week for the Renowned

Harmony

Don't Delay.

If interested in this proposition, inspect this instrument immediately. We've delivered more Harmony Pianos than we ever had any idea we would. The Harmony Piano,

Including Stool and Cover, for \$175, on easy terms of \$5 down and \$1 a week, is an offer no one who wants a plano can afford to miss.

Do Not Be Fooled Into buying a second-hand or so advertised "slightly-used" plano. To buy one would be as good as throwing your money away. Second-hand or "slightly-used" planos are taken in exchange for new ones by dealers, who patch them up and sell them to the unwary. No person would care to exchange his plano If it were a good instrument.

Instruments which cannot begin to compare with the Harmony are sold daily by exclusive dealers at from \$300 to \$400 each. Therefore, we can conscientiously say that the saving to you here is from \$125 to \$200. that the saving to you here is from \$125 to.

The celebrated Harmony Parlor Grand Upright Plano is built by the most skilled plano makers in the world. The cases are wrought in the new Empire design, double veneered in the finest figured mahogany, oak or walnut. Harmony planos are fitted with actions which are as near perfection as human skill can make them. Keys of selected ivory; three pedals, highly nickeled, fitted with automatic, self-regulating practice muffler. 7 1-3 octaves; New Boston fall-board and music rack. Rich, clear and melodious tone, which improves with age. The touch is most clastic and responsive.

sponsive.

The Harmony Plane will be delivered upon the first payment of \$5. Our Ten Years' Guarantee inserted in gold letters on the inside

top lid of the case.
